Online Banking

Log into your Business Banking account at IdahoTrust.com for access to online banking products and services.

Bill Pay

Select Bill Pay under the Payments & Transfers. From this menu, you can add payees, pay bills to previously established accounts, set up autopay and stop payments. You can also access previous information like pending payments, payments awaiting approval previously paid bills, and edit payee information.

Debit Card Monitor

CardValet is the Idaho Trust Bank debit card monitor. To access, download the CardValet app on your mobile phone. For the initial set up; open the app and enter your 16-digit card number, additional card information and validate your identity. Once logged in, select a registered card and customize card access, spending limits, and determine location, merchant, and transaction restrictions. You can review recent transactions and receive additional alerts through CardValet.

ACH Manager / Money Transfer

ACH Manager allows you to move money between banks without the use of paper checks, wire transfers, credit card numbers or cash. From the account home screen, ACH Manager is listed on the right side. You can also access the ACH Manager under the Payments & Transfers tab.

Mobile Deposits & Canceling Checks

Make mobile deposits from home under the Checks & Deposits tab. Business owners and authorized employees can also cancel single checks or recurring payments. Simply upload a photo of your check or batch of checks to be cashed.

Sync QuickBooks / Quicken

There are two ways to sync your Idaho Trust Bank business account to QuickBooks. The first is to enter your Idaho Trust Bank banking information through your previously downloaded Quicken software. The second is to log in to the Idaho Trust Bank online banking platform, go to Accounts, select your account, and click on the Download option. Select QuickBooks and download the link.
